

ANNEX 2 – VEHICLE VERIFICATION OVERVIEW

(Seller Information Summary – Integral Part of the Agreement)

Vehicle Verification for Listing – At a Glance

Car Promotion does not publish unverified Jaguar E-Type vehicles.

Every vehicle listed undergoes structured professional verification prior to publication.

What is verified

- chassis number plausibility
- engine and gearbox number logic
- production-period consistency
- model variant and series correctness
- market version (US / ROW)
- original factory exterior and interior colours (where documented)
- configuration and component plausibility
- review of supporting documentation
- image-based comparison with factory specification

Verification Levels

Verified Listing – Documentation & Image Review

- verification based on documents and photographs supplied by the Seller
- no physical inspection
- no confirmation of hidden identification numbers

Verified In Person Listing

Includes all documentation verification plus:

- personal inspection by the Consultant

- visual confirmation of accessible identification numbers
- photographic documentation created by Car Promotion
- visual assessment of workmanship and presentation

What is not included

Verification does not include:

- mechanical inspection or testing
- road testing
- condition grading
- valuation or appraisal certificates
- originality or authenticity guarantees
- matching-numbers guarantees beyond visible documentation
- warranty of condition or future value

Important clarification

Verification represents a professional expert opinion based on:

- documentation provided
- photographs supplied
- visible vehicle features
- historical production knowledge

It does not replace buyer inspections or due diligence.

Final responsibility for condition, originality and completeness remains with the Seller and Buyer.

Summary

Every Jaguar E-Type listed with Car Promotion is:

- ✓ professionally reviewed
- ✓ identity-checked
